# CANADA'S LARGEST SELECTION OF OUTDOOR FURNITURE UNDER ONE ROOF!

**SUNBRELLA® FABRICS:** Sunbrella® is a solution-dyed acrylic fabric with an acclaimed history in outdoor furnishings. Through the process of solution dyeing, colour pigments are added into the fabric in its liquid state, fortifying its colour-fast properties. Due to this particular process, Sunbrella® materials are made to be durable, resilient, colour-fast and superior in strength. With its five year manufacturers limited warranty against fading, Sunbrella® is the best fabric available for customers looking for fabric longevity.

**CAST ALUMINUM FURNITURE:** Over the past decade, Cast Aluminum has consistently been the first choice for Outdoor Dining Furniture, combining timeless Cast designs, with the non rusting element of Aluminum. Each piece is cleaned by using an “acid-wash” process and then “powder-coated” to the industries highest standards. Cast Aluminum Furniture requires a minimal amount of maintenance and is superb for the Canadian weather elements.

**SYNTHETIC WICKER FURNITURE:** In recent years, synthetic wicker has become one of the industry's most sought-out, for style and comfort. The strong and durable resin wicker is woven around an aluminum frame, making it able to withstand the outdoor elements. Synthetic wicker is maintenance free. All our Synthetic Wicker Furniture is constructed of aluminum tube framing that is welded together, eliminating the need for nuts and bolts, and then “powder coated”. The wicker that is used on our products is made of 100% synthetic polyethylene material and is a consistent colour throughout so that fading is not an issue.

**WROUGHT IRON FURNITURE:** Wrought Iron sets a traditional tone to a backyard with its long history in outdoor furniture designs. Due to its classic designs, Wrought Iron blends into any type of backyard. It is one of the strongest materials as it is made from solid rolled iron. All our Wrought Iron furniture then goes through an “acid-wash” process to clean off all the foreign material from the Rolled Iron, and is then “E-Coated” and finally “Powder-Coated” to the highest standards in the industry.

**ALUMINUM / SLING FURNITURE:** Extruded Aluminum is exceptionally strong, but light in weight. It is the perfect choice for those who are looking for a product that requires no maintenance and is exceptionally comfortable. The seats and backs are made of highly durable nylon mesh that wears extremely well in all weather conditions and is long lasting.

## \* Best for Less Guarantee

GENERAL PRODUCTS WILL NEVER BE UNDERSOLD! Our specialty and what sets us apart from our competitors is partly due to our “Buying Power”. If you were ever to find a lower advertised price, we will beat it by 20% of the difference. We guarantee that we will always have the lowest price. Price guarantee applies to the exact same merchandise, in-stock, advertised under the same terms and conditions. Does not include competitors internet pricing, timed specials, floor models, clearance prices, door crashers, limited quantity specials, added value giveaway promotions. Not valid in conjunction with other promotional offers or on prior purchases.

## \*\* Voted Best Outdoor Furniture Store

by Post City Magazine 2007, 2008, 2009, 2010

All photographs in this brochure may not be exactly as shown. Where illustrated, cushion extra. Colour selection cannot be guaranteed throughout the season. Prices subject to change without prior written notice. All goods remain the property of General Products Inc. until fully paid for.
